Dear Sir:

I am writing to express my opinion regarding the legislation of the ownership of radio, TV and newspapers in the same location. I think this would limit the Public's access to differing opinions, facts and other information which would allow for tremendous bias. The control of Radio, TV and Newspapers in a given locale could seriously impair the Public's options in elections, legislation, facts regarding investigations and other important local, state and federal information. A properly informed Public is needed to maintain our Country's integrity and future.

Sincerely yours,

David K. Ginsberg, M.D.
